KE KUMUHANA: Ka Papahana Loiloi o ke Aupuni, Makahiki Kula 2022-23
SUBJECT: Hawaii Statewide Assessment Program, School Year 2022-23

Hō'ike 'ia ka 'ikepili no ka mākaukau o ka haumāna, ke kula, a me ka 'ōnaehana e Ka Papahana Loiloi o ke Aupuni (HSAP) ma lalo o nā Kulekele Papa Ho'okō 102-3, 102-6, a me E-102 e launa ana me ka Mokuna 302A-201 o nā Kānāwai Ho'oponopono Hou a me nā koina pekelala o ka Every Student Succeeds Act (ESSA).

The Hawaii Statewide Assessment Program's (HSAP) portfolio of assessments provides annual data on student, school, and system performance pursuant to Board Policies 102-3, 102-6, and E-102 in accordance with Chapter 302A-201 of the Hawaii Revised Statutes and federal Every Student Succeeds Act (ESSA) requirements.

'O nā hō'ike kekahi mahele nui o ke a'o 'ana, ma lalo o nā Ana A'o, e ana ana i nā pahuhopu a'o o kēlā me kēia haumāna. Ma o ia mau hō'ike kūlana pa'a e loiloi 'ia ai ka holomua o nā haumāna pākahi ma ke ala e mākaukau ai 'o ia no ka hele kulanui a me ka 'oihana ho'i. E lilo nā kaha hō'ike he ala e kūkā 'oia'i'o 'ia ai ka ho'okō pono 'ia o nā mea e pono ai ka haumāna. 'O ka pū'ulu hō'ike no ka HSAP, he ko'iko'i maoli nō ia i ka ho'ona'auao 'ia ma o ke Ana A'o ma nā kula aupuni a me nā kula ho'āmana a pau o Hawai'i nei.

Standards-based education has, as a key component, assessments aligned to the learning expectations of every student. Standardized, criterion-based assessments gauge individual student progress towards college and career readiness. The results inform instructional practice and provide an entry point into collaborative conversations about the extent to which students' academic needs are being met. The suite of assessments that comprise the HSAP are essential to the implementation of standards-based education in every public and public charter school in Hawai'i.

Mālama 'ia kēia mau hō'ike no nā haumāna kula aupuni a kula ho'āmana ma ka papa 3-8 a me ka papa 11.

The Smarter Balanced Assessments in English Language Arts (ELA)/Literacy and Mathematics are administered across 13 states, the U.S. Virgin Islands, and the Bureau of Indian Education. The Smarter Balanced Assessments are fully aligned to the Hawai'i Common Core Standards and measure the depth and breadth of student knowledge and skills. These assessments are administered to all public and public charter school students in grades 3-8 and 11.

He 'elua mahele o nā hō'ike ELA/Heluhelu, (1) he hō'ike lolo uila (CAT) a (2) he nīnau kākau lō'ihī (PT). No nā hō'ike Pili Helu, he mahele CAT, akā, 'a'ohe mahele PT. Ho'olālā 'ia ka mālama 'ana i ka hō'ike Pili Helu ma ho'okahi manawa hana hō'ike.

The ELA/Literacy assessments have two components, (1) a computer adaptive test (CAT) and (2) a performance task (PT). The mathematics assessments have a CAT but no PT component. The mathematics assessments are designed to be administered in one test session.

Students with the most significant cognitive disabilities participate in the Hawai'i State Assessment- Alternate (HSA-Alt) as performance cannot be accurately assessed using the general statewide assessments even with appropriate accommodations. The HSA-Alt is administered to students with significant cognitive disabilities who meet the participation requirements found in the HSA-Alt Participation Guidelines. The HSA-Alt is administered to students in grades 3-8 and 11.

The Kaiapuni Assessment of Educational Outcomes (KĀ'EO) in language arts, mathematics and science are developed and administered in the Hawaiian language. Public and public charter school students in the Hawaiian Language Immersion Program are administered the language arts and mathematics assessments in grades 3-8 and the science assessments in grades 5 and 8. The Hawaii State Department of Education (Department) does not offer Kaiapuni students in grades 3-8 courtesy testing of the Smarter Balanced Assessments (SBA) or HSA Science in English. Currently, the KĀ'EO is the Department's only method to provide Kaiapuni student assessment data for federal accountability purposes. All Kaiapuni students in grades 3-8 are assessed using the KĀ'EO to meet requirements for federal accountability purposes.

The End-of-Course (EOC) exams measure students' levels of proficiency of the standards and benchmarks assigned to the course. The Algebra 1 and Algebra 2 EOC Exams measure students' levels of proficiency of the Hawai'i Common Core Standards. The Algebra 1 and 2 EOC Exams are optional. The Biology 1 EOC Exam measures students' levels of proficiency on the related NGSS. The Biology 1 EOC Exam is required to be administered to all students enrolled in Biology 1 since it serves as Hawai'i's statewide assessment in high school to meet the federal requirements of the ESSA.

The Department will continue to implement The ACT Plus Writing in SY 2022-23. This college admissions assessment is to be administered to all students enrolled in grade 11 (as defined by credit count in the Student Information System) who have not been administered the test in a prior year (i.e., students repeating grade 11 who have taken the test in a previous year are not expected to be administered the assessment). Schools have the option of administering The ACT on one or more of the statewide administration dates, February 28, March 28, or April 11, 2023 in a paper/pencil mode or online mode on the dates in the table below. In addition to The ACT, the Department will also provide, at no cost to schools, the optional PreACT assessments to help students prepare for college and workplace readiness in the Optional College and Career Readiness Assessments Administration table below.

In order to ensure that all students have access to the statewide assessments and receive results that are a fair and accurate estimate of each student's achievement, the statewide summative assessments include accessibility features such as universal tools, designated supports, and state test accommodations in both embedded and non-embedded versions. Universal tools and designated supports are available for all students, and state test accommodations are available upon verification by the Assessment Section for special education and Section 504 students with documented evidence of need in their Individualized Education Program (IEP)/504 Plans.
